Dear Sir,

**RE: CONFIRMATION ON INTEGRATION TO TRA ECTS CENTRAL
PLATFORM**

Please refer to the launch of Electronic Cargo Tracking System (ECTS) on 12th March, 2012, and the requirement to have all hardware suppliers integrated to the central platform being a prerequisite to the use of devices which are to be supplied to stakeholders for smooth implementation of the system.

We wish to inform that following a series of technical evaluations, we are glad to notify that your company's devices have passed all the necessary tests that warrant their usefulness in compliance to the contractual requirements as far as ECTS is concerned, and in so doing you have attained fully integration status.

This letter therefore, serves as a confirmation that your company has successfully completed the integration process an instance that works as a curtain riser to start marketing your devices to the stakeholders ready for implementation of ECTS.
